## WESTERLY PASTOR REAPPOINTED

**Disaffected Methodists Fail to Prevent Return of Rev. I. F. Lusk—Larger Water Mains for Pleasant View Service—Seventh Day Society Petitions for Bequest in Probate Court—Edwin Babcock 90 Years Old—Mystic to be Represented in League.**

At the annual session of Palmer chapter, No. 28, Royal Arch Masons, officers were elected as follows: Samuel Spry, Jr., high priest; Samuel Givins, king; William Mitchell, Jr., scribe; William H. Greene, treasurer; Thomas McKeezie, secretary; Walter Hiscoc, captain of hosts; Robert E. Cole, principal sovereign; Gordon B. Hoxie, royal arch captain; E. E. Vincent, master of third veil; Frank Baid, master of second veil; Neil McKeezie, master of first veil; Rev. John Collins, chaplain; Herbert A. Babcock, tyler. The officers were installed by Past High Priest Robert E. Cole, assisted by Past High Priest Archie Thompson.

Notwithstanding the opposition of about one-seventh of his parishioners, Rev. I. F. Lusk has been reappointed pastor of Grace Methodist church in Westerly. Mr. Lusk came here from the west about two years ago, succeeding Rev. J. J. Everett. Dissensions arose as to church management of late and this evolved into an open breach, and a delegation of disaffected members went to the Southern New England conference and protested vigorously against the reappointment of Mr. Lusk. Friends of the pastor pleaded for his return to Westerly. Both sides were given a hearing and the decision was reached that it was for the best that Rev. I. F. Lusk be continued as pastor.

Preparations have been made to commence work on the water extension to Pleasant View as soon as the iron pipes arrive. The commissioners have changed their plan and the tributary running west towards Watch Hill will be four-inch instead of two-inch pipe, as at first contemplated. The tributary running to the eastward in the direction of Weekapaug will be of six-inch instead of four-inch pipe. By the enlarged pipe it is believed adequate service can be given for many years and the larger pipe towards Weekapaug is with the view of extending the water system to that growing summer resort at an early date.

## THIRD OPERATION PREVENTED

By Lydia E. Pinkham's Vegetable Compound

Chicago, Ill.—"I want to tell you what Lydia E. Pinkham's Vegetable Compound did for me. I was so sick that two of the best doctors in Chicago said I would die if I did not have an operation. I had already had two operations, and they wanted me to go through a third one. I suffered day and night from inflammation and a small tumor, and never thought of seeing a well day again. A friend told me how Lydia E. Pinkham's Vegetable Compound had helped her, and I tried it and after the third bottle was cured."—MRS. ALVINA SPELLING, 11 Langdon Street, Chicago, Ill.

If you are ill do not drag along at home or in your place of employment until an operation is necessary, but build up the feminine system, and remove the cause of those distressing aches and pains by taking Lydia E. Pinkham's Vegetable Compound, made from roots and herbs.

For thirty years it has been the standard remedy for female ills, and has positively restored the health of thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, bearing down, feeling, flatulency, indigestion, dizziness, or nervous prostration. Why don't you try it?

The April meeting of the Board of Trade was called to order at 8:50 o'clock Tuesday evening, after waiting for the necessary fifteen to gather to form a quorum. Treasurer James M. Pendleton was president pro tem. in

The new piece of road in the town of Stonington, which is connected with the road in Westerly by the iron bridge of the Norwich and Westerly trolley road, and built by private subscription is now open to the public, and the route between North Stonington and Westerly is materially shortened. Although that new section has not yet been accepted by the town of Stonington, a street sign has been placed on the Connecticut side designating the new thoroughfare as Peabody avenue, a name acceptable to the people generally.

## Plan for Summer Comfort

Don't add the heat of a kitchen fire to the sufficient discomfort of hot weather.  
Use a New Perfection Wick Blue Flame Oil Cook-Stove and cook in comfort.  
With a "New Perfection" Oil Stove the preparation of daily meals, or the big weekly "baking," is done without raising the temperature perceptibly above that of any other room in the house. Another great advantage of the

is its handsome CABINET TOP, which gives it every convenience of the modern steel range. Has an ample top shelf for warming plates and keeping cooked food hot, drop shelves for holding small cooking utensils, and is even fitted with racks for towels. Made in three sizes, and can be had with or without Cabinet Top. If not at your dealer's address our nearest agency.

the absence of the president. Four new members were elected.  
A principal item among the other business transacted was the reading of the correspondence between the Westerly Silk Mill company and the secretary of the board. The president of the silk mill company writes that the company is about to be forced from the premises by the owner of the building and asked for some other desirable location in Westerly. The matter was referred to the committee on trades and manufactures. It is understood that a suitable mill building will be offered the company.  
James A. Welch advocated the rapid reference of the silk mill industry to the committee and the necessity for prompt action. He said that in connection with his narrow fabric industry he had received over fifty letters offering inducements for location.  
William Segar stated that he was in correspondence with the parties, but had come to no agreement. He said the mill property had not been rented as yet.  
It was then voted to adjourn.

**James M. Pendleton, manager of the Industrial company, stated voluntarily Tuesday evening that there was no truth in the printed report that the Industrial Trust company had brought suit against Michael Higgins of Stonington to recover on a note of \$5,000.**

**Local Laconics.**  
Rudolph Peterson of White Rock was in Norwich Tuesday on business.

Postmaster Walter Price left Tuesday afternoon for Washington on a fifteen days' vacation.

The Westerly Automatic Telephone company has declared the regular semi-annual dividend of three per cent.

**DROWNING BOY.**  
Rescued by Chemist Bailey of State Experiment Station.

E. Monroe Bailey, chemist at the Connecticut Agricultural Experiment station, New Haven, rescued the 15 year old son of John Dee of No. 115 Starr street Friday when the lad was drowning in the pond lying below Prospect street hill, near Highland street. It had swollen to a depth of six or seven feet by the recent heavy rains.

Mr. Bailey lives in Sheffield avenue. It is his custom to go across lots to his laboratory. He was on his way home to lunch Friday when he heard the cries of two boys. He hurried to the place and found them paralyzed with fear because young Dee was in the deep water, having slipped off the clayey bank into water over his height. The lad had gone down twice. Mr. Bailey hung over the bank and caught him by the arm, and called a doctor and held him. He was unable in that position to drag the boy out, but called to the other boys to hand a pole to the Dee boy.

"Catch hold of that and hang on for dear life," called Mr. Bailey to young Dee, who did as he was ordered with the desperation of a drowning person. Mr. Bailey dragged the lad upon the bank. Dee had lost consciousness but clung to the pole.

Mr. Bailey rolled him on the ground and partially resuscitated the lad, and then hurried him to his own home, put him to bed and called a doctor who supplied restoratives. In a few hours the boy was able to be sent home.
